

Construction Training Bulletin

Issue No 46

February 2010

For copies of back issues of CTI Construction Training Bulletin email cwalker@nhhg.org.uk

Jim Durcan, Marcus Ross, Jack Lloyd, Paul Moses, Danny Ewing, Karim Najm and Kevin Tomlinson

Ex trainee leads the way!

This month's bulletin features a Metropolitan Housing Trust scheme in Hounslow called Thelma Golding. The site is being developed by Bugler Developments who have a long standing association with CTI. All of the trainees featured in the bulletin are performing extremely well. This is reflected in the site progress reviews conducted by CTI's Training and Employment Worker Jim Durcan.

Site Manager, Karim Najm is a former CTI trainee who was introduced to Bugler Developments by way of our scheme back in 2001! This story offers great encouragement to our trainees, who aspire to build on their careers. CTI would like to congratulate Karim on his career progression, and also extend our thanks to Project Manager Kevin Tomlinson for his continued support.

Another Brennan joins the team

The position of Senior Training and Employment Worker has now been filled and we welcome Mary Brennan (no relation) to the team. Mary brings with her many years experience of construction training and we look forward to her contributing towards continued successes for CTI.

Housing Associations- Housing Associations- Housing Associations- Housing Associations

This valuable award-winning partnership initiative works only with your active participation. Remember to inform us early of your forthcoming sites, allow for CTI costs in your contracts and ask us for help and advice when needed

Feel free to contact us at any time with any queries
